REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: applicants amended claims include airflow in the body of the claim which is construed to be convection from each of the independently claimed inventions. This independently claimed convection airflow for garments, shoes, or boots along with supporting framework is not found in the prior art either singly or in combination, especially the closest prior art used in earlier actions rejection the claimed invention. Support in the specification for this point of patentability over the prior art is based on applicants' US pre-grant publication paragraphs [0033], [0041], and [0054] through [0064].

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen Gravini whose telephone number is 571 272 4875. The examiner can normally be reached on normal weekday business hours (east coast time).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ehud Gartenberg can be reached on 571 272 4828. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
